# Sauer Compressors

## RENTAL SOLUTIONS

With final pressures between 30–500 barg and a volume flow from 50 to 400 m<sup>3</sup>/h we provide the best solution for your rental needs.

### Increased cost control

- Minimise costs of new investments
- Lower costs for scheduled and unscheduled maintenance

### Best solution at the right time

- Even on short notice access solutions with state-of-the-art compressors and accessories

### Professional and reliable service

- Flexible rental options for short-, medium- or long-term use
- Fast delivery where you need it

### Rent without risks

- Each rental compressor is well maintained and checked before delivery
